Unitron and Otometrics/Audiology Systems is approved by the American Academy of Audiology to offer academy CEU's for this activity. The program is worth a maximum of .4 CEU's. Academy approval of this CE is based on course content only and does not imply endorsement of course content, specific products or clinical procedures or adherence of the event to academy code of ethics. Any views that are presented are those of the present/CE provider and not necessarily of the AAA.

Unitron is approved by the Continuing Education Board of ASHA to provide continuing education activities in speech pathology and audiology. See course information for number of ASHA CEU's, instructional level and content area. ASHA CE provider approval does not imply endorsement of course content, specific products or clinical procedures.
